Delve into Documents- The Expansion of Education workshop was held on Saturday. This is part of a series of workshops involving historical documents. In the photo Dale and Lori discuss early schooling and it's progression from the one room school house to combined schools of today.

HER Realty is now Mobile and their phone number is the same. The building was sold and a new boutique is coming soon.

This building is located east of the Shell Gas Station on the concrete slab. Several possibilities for this spot. Can't wait to see what it becomes.

### Bible Verse of the Week-

**Do not store up for yourselves treasures on earth, where moths and vermin destroy, and where thieves break in and steal. But store up for yourselves treasures in heaven, where moths and vermin do not destroy, and where thieves do not break in and steal. For where your treasure is, there your heart will be also. Matthew 6:19-21**
