Our Hometown News

Issue 16

**Sansami Creative Works presented: The Tragedy of Hamlet, Prince of Denmark**, often shortened to Hamlet. It was written by William Shakespeare sometime between 1599 and 1603.

It was held on the lawn at Mac-A-Cheek Castle and the cast did a wonderful job of portraying the characters. Another showing is this coming weekend, July 26th-28th. Gate open at 7 pm each evening. Cost is \$5 per person, bring your own chair and enjoy!

## NOTICE:

Starting next week The West Liberty Star will be available online only. I am unable to afford to continue with supplying printed copies.

You can receive the online e-mail copy by going to [www.revtami.org](http://www.revtami.org), click on The West Liberty Star page and fill out form.

If you are interested in being a sponsor or purchasing an ad please let me know. Thanks.

Chloe King stands in front of the Curiosity Cabinet at Mac-A-Cheek Castle that belonged to William McCoy Piatt. One of the objects that caught her eye was the baby Mastodon Tooth found in a nearby creek. The cabinet has arrowheads and other artifacts found on the property and elsewhere.

## Bible Verse of the Month-

Jesus answered, "I am the way and the truth and the life, no one comes to the Father except through me."

John 14:6

### **The History of the Graystone building-**

The ownership of the old Graystone building can be traced back to our founder, John Enoch. It is located on corner of Newell and Detroit Streets. It was a Lutheran Church built of stone in 1858, condemned in 1905, and a new wooden church was built the same year. It was sold then torn down to build the Linco Filling Station in 1931. Lenny Levan bought it in 1965 and ran Lenny's Graystone Restaurant. During this time Dick Barrett had an A&W Root beer stand out back.

Linda Kilgore had Wren Kilgore HER Realtors until 2018 when they sold the building and went mobile. It was said that the bricks and stone from the Lutheran Church were used to build the Linco Filling Station and in the attic it shows there are bricks on the inside and stone on the outside. It is believed that the original ceiling was uncovered in the part of building that was added on along with the uncovering of part of the stone wall on the inside that was covered by many layers of paneling. Now about the new owner... but that's another story!

### **July Events-**

- \*Sansami Creative presents Hamlet  
July 26-28 at Mac-A-Cheek Castle- 7 pm
