

The West Liberty Star

October 22, 2018 Free Our Hometown News Issue 29

White Out! While watching the 7 & 8 WLS grade football game on Thursday something interesting happened. A dust cloud appeared every time the farmer came around while harvesting corn in the adjacent field. Not something you expect to see.

People's Savings & Load held "Food for the Cure" on Friday for Stefanie Speilman Foundation.

Mad River Farm Market Pub & Grill

Jones Country Store

West Baird Street

Thanks to Scott Davis for allowing me to share his drone picture of the WLS School Complex.

Bible Verse of the week-

*"I desire to do your will, my God;
your law is within my heart."*

Psalm 40:8

The Haunted Ship is located North of Urbana at Freshwater Farms -Halloween Bash. The ship caught my attention because my Dad was a Navy man and a good present to get him was anything nautical. Dad would of liked the ship as much as Halloween tricks. One year he made a spider that fell down from the front porch ceiling when the front door opened. Also a robot (Dad was inside) who passed out candy with lots of noise while it did so. I also made a spider that dropped from the top of the stairs from my second floor apartment to the bottom of the steps. Such fun and good memories. Probably where I got the idea below. Thanks Dad!

The Gingerbear House is ready for Trunk or Treat at Mt Carmel Friends Church and Trick or Treat! night in Urbana. The Teddy Bear Lady will be passing out gently loved small stuffed animals to those who stop by. The Gingerbear House is sponsored by Project Teddy Bear & Friends Non-Profit.
